

K-Love is one of the most influential parts of my family's life. We listen to K-Love everyday here in Cincinnati on station 104.3FM. The music we hear and the encouragement provided help shape my family as we strive to do as God calls us to do. My 4 children, my wife and I are nurtured by K-Love's programming into becoming joyful, loving, caring, respectful, children of God. The world would be insane without the fundamentals encouraged and supported by K-Love.

There are not many radio stations in the country that you can listen to that are safe for children to hear. If K-Love were to be displaced by an LPFM broadcaster providing other programming, entire communities would be without this vitally valuable radio station. I only wish everyone in America could or would listen to K-Love. Listening to this radio station helps bolster and carry the Word of God all day and all week long. This helps both people that haven't developed their relationship with God and those of us that are working very hard at developing it.

Thank you very much for your careful consideration of this important issue.
